### **DETAILED ACTION**

The claims filed on 11/28/2007 have been entered. Claim 12 has been canceled. Claims 1-11 and 13-21 remain for examination.

### ***Specification***

The abstract of the disclosure is objected to because the drawings are incorporated in the specification. Correction is required. See MPEP § 608.01(b).

- The specification includes Brief Descriptions to the Drawings. However, the drawing figures should be provided as an attachment to the specification.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is indefinite since it should be recited as "An apparatus" in line 1 instead of "The Method". Please also delete the term "the steps of" in line 2. Since this claim is indeed an apparatus claim.

Claim 2, line 1, "The method" should be changed to "An apparatus". This claim is an apparatus claim.

Art Unit: 2876

Claim 3, it is not clear from the claim language whether it is a thought process or a method, or an apparatus claim, please rewrite the claim in one of identified formats. The examiner respectfully recommends applicant to write the claim in similar format as of claim 1.

Claim 4, it is not clear from the claim language whether it is a thought process or a method, or an apparatus claim, please rewrite the claim in one of identified formats. The examiner respectfully recommends applicant to write the claim in similar format as of claim 1.

Claim 5, please change "The method" in line 1 with "An apparatus"

Claim 6, please rewrite the claim in either the Method or Apparatus formats, where in the apparatus is similar to the format of claim 1. The method claim should only comprising the steps such as: (i) carrying embedded ... ; (ii) accessing ...; (iii) placing.

Claim 7, please write it as an independent method claim.

Claims 8-11, and 13-21, please rewrite as either method or an apparatus claims.

- Since applicant is not familiar with the claim language formats. The examiner respectfully invites applicant to call the examiner before re-writing the claim. The examiner also will be able to assist applicant in rewriting the claims.
